Your ability to make the right tactical decision will be tested at every turn of the page. The 2nd Battle of El Alamein in October 1942 was one of the crucial turning points of WWII. Britain's vital interests in the Middle East, particularly the vital oil fields, were thus saved. The book presents the reader with a series of command decisions, aided by situation maps, directing you to the next relevant briefing depending on the option you choose. No dice are necessary to play, just this book and your tactical skill. When you buy this book, the fate of nations is in your hands.
